PROFESSIONAL EXPERIENCE - Continued

Senior Front-End Developer | Luxinten, Ukraine March 2020 - December 2020

- Led frontend development of Magento 2 themes and user interface components, leveraging proficiency in Knockout.js, jQuery, Less, PHP, JavaScript, XML, and CSS.
- Demonstrated a collaborative approach while actively contributing to code reviews and playing a key role in the technical interviewing process for front-end candidates.
- Honed technical skills while emphasizing efficient teamwork, effective communication, and leadership in a dynamic development environment.

Front - End Developer | Orot Technologies s.r.o, Ukraine February 2018 - February 2020

- Oversaw Magento 2 customization, focusing on tailoring default themes to meet unique project requirements.
- Leveraged ReactJS and TypeScript to create responsive and dynamic user interfaces, integrating seamlessly with Magento's Rest API.
- Utilized Styled Components and Storybook for component-driven development, and Redux for state management, ensuring a cohesive and scalable architecture.

Front-End Developer | Soulmates, Ukraine March 2017 - February 2018

- Converted PSD designs into responsive WordPress themes using JavaScript, jQuery, Sass/Scss, PHP, and HTML/CSS.
- Worked with clients and team members to determine creative options that best met the project requirements and communication goals. Demonstrated effective collaboration, communication, teamwork and project management to ensure high-quality outcomes and team growth.

Junior Front-End Developer | 111Minutes, Ukraine May 2016 - February 2017

- Developed dynamic and interactive websites and single-page applications, leveraging JavaScript/ES6, ReactJS, Sass/Scss, and HTML/CSS.
- Troubleshoot front-end solutions across multiple browsers and devices while effectively working in teams and independently to ensure project success and best-in-class front-end experience.
